BC at Gulfood Manufacturing Dubai, November 9-11

BC COSMETIC & FOOD will be present at Gulfood Manufacturing in the pavillions dedicated to INGREDIENTS MIDDLE EAST.

The show will take place at Dubai World Trade Centre on November 9-11.

We will be with you at the booth of our partner Orkila (stand S3-E40).

BC COSMETIC & FOOD can offer a solution for any kind of food product the customer intends to develop or improve.

Thanks to the long experience of its technicians, BC can propose the best system of

thickening, stabilizing and gelling in order to give to the final product the desired aspect, texture and stabilization.

Orkila International is our partner in many different countries, distributing our products in the United Arab Emirates, Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, Iran and Kenya.

In view of our international expansion in the Middle East we will welcome all current partners and future customers: Mr Manuel Macchi, an experienced food technologist, and our

international sales manager Mr Enrico Picca will be available all three days at the stand to meet and assist you.

BC at Gulfood Manufacturing Dubai, November 9-11

Improving your products, simplifying your production process, and reducing your costs: all this is possible with BC COSMETIC & FOOD.

During the show we will present our solutions for ice creams, ice lollies, sorbets and sherbets.

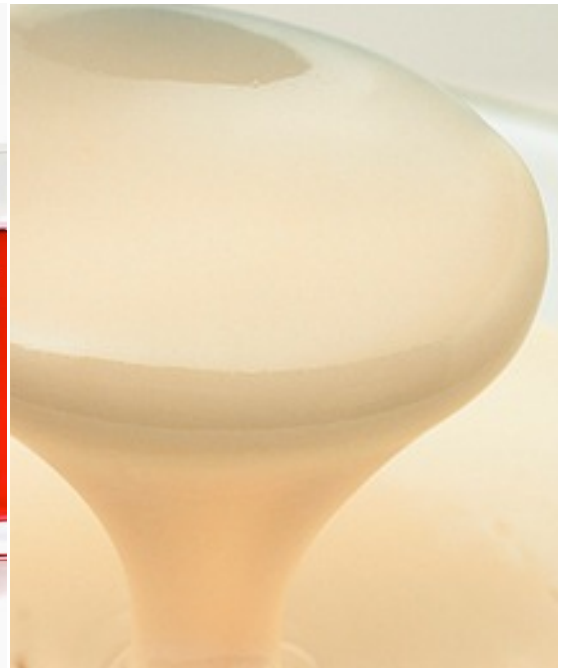

Besides that, we will illustrate our proposals for the stabilization of dairy and non-dairy creams, evaporated, condensed and sterilized creams.

Drinks, both at neutral and low pH, based on milk or juices can also be improved by our bespoke blends.

Finally, we will illustrate our technical suggestions to stabilize salad dressings, savoury sauces, ketchup and mayonnaise.
